

MARLOW CAMERA CLUB

NEWSLETTER – SEPTEMBER 2008

September Programme

Our new season starts on Tuesday 9th with our “Welcome Back” evening. Bring some of your summer photos and keep an eye out for new members as we want them to have the warmest of welcomes.

On the next Tuesday Roger and Nick will go “Back to Basics” to remind us of the fundamentals of photography which we should all know but so often forget.

The 23rd sees our first competition – open subject. Chance to start with a good score.

On the 30th we welcome back Rod Bird from Maidenhead who will show us some of his excellent images.

Mid Thames AV Group

For those interested in Audio Visual work, this group meets at the Woosehill Community Centre, Wokingham, on the first Friday of the month from 10 am to 1 pm.

“The monthly programme usually involves some tutorial, a sort of forum if anybody has a problem and we try to show a few sequences for comment. Most of our members have gone over to digital but there are a few stalwarts still on slide-sound. Some of our members travel a distance to get to the meetings and a lot of us go off to a local pub for lunch afterwards. We hold an AV Day every April where we invite attendees to show their latest offerings and then have a guest speaker of some standing in the AV community. This is an all-day event held on a Sunday”. Our secretary is Graham Laughton on 01895 822202, email; graham_laughton@yahoo.co.uk.
