

NEWSLETTER – December 2009

Where has this year gone? December already and 2010 fast approaching.

December Programme

Tuesday 8th - Workshop

A post-production practical activity in which small groups edit set images, compare the results and discuss the methods they used.

Tuesday 15th - Social Evening

Members are invited to bring partners to this pre-Christmas get-together. Amongst other things there will be a “Guess whose eyes” competition, and a “What on earth is that?” photographic quiz. All very informal and hopefully entertaining.

Members are requested to bring along some food to share – not too much – we have to think of our waist lines as well as waste! Drinks will be provided free of charge (non-alcoholic – but who needs it!). Plastic cups will be provided but if you prefer a glass please bring your own.

We hope as many as possible will be able to come as it is a good opportunity to socialize with fellow members.

No further meetings this year but see you all again on 5th January . Have a Happy Christmas!
