

NEWSLETTER – January 2010

Happy New Year!

January Programme

Tuesday 5th - Digital Adventure

Colin Harrison will give us an illustrated talk about the advantages of using a digital camera. Having seen Colin's presentations before, I know that this will be an interesting evening.

Tuesday 12th - Portfolio Competition – photo story

Click on Competitions on the website for a full explanation of what is required for this. Do please remember that Helen needs to have the PDIs and titles of prints by midnight on the previous Friday.

Tuesday 19th – Slide Presentations by members -A change to the published programme

As the Special Interest Group meetings haven't been as successful as we had hoped, we have decided to bring forward the evening of slide presentations by members. Roger will be contacting some of you slide workers shortly to help put together the programme for the evening. If in the meantime you would like to volunteer, please contact Roger direct.

Tuesday 26th - Members Evening – Did the Judge get it right?

For this you are requested to bring along a photograph or pdi which you previously entered in a competition. Tell us what the judge's comments were, whether you agreed with them and, having taken them into account, how you changed the image.

FUTURE MEETINGS

Please don't forget that on **March 16th** we take on Henley Photographic Club and North Hampshire Photographic Society in a Digital AV Competition. In order to select entries from our members we plan to preview these on the evening of **Tuesday February 23rd**. **(A change to the published programme)**
